DIONELLE P. ALINSUB

PYTHON DEVELOPER | BUSINESS & ACCOUNTING APPLICATIONS

Freelance & Remote Opportunities | +63 910 688 8122 | dionelle.alinsub86@gmail.com

PROFESSIONAL PROFILE

Aspiring Python developer with hands-on experience building practical business and management applications using Python, Flask, SQLite, Tkinter, HTML, CSS, and JavaScript. Interested in developing software for bookkeeping workflows, financial computations, cash monitoring, inventory, and business operations. Also has an Accountancy undergraduate background and self-paced online learning in bookkeeping and accounting software. Seeking freelance or remote opportunities.

TECHNICAL SKILLS

Development: Python, Flask, Tkinter, HTML, CSS, JavaScript

Data & Storage: SQLite, database design, CRUD operations

Business Applications: Cash counting, financial tracking, computation logic, business workflows

Accounting Learning: Bookkeeping fundamentals, QuickBooks Online coursework, Xero Accounting coursework

IT & Technical: PC troubleshooting, LAN/network setup, CCTV/DVR installation and cabling

SELECTED SOFTWARE PROJECTS

• **Machine Betting System** — Python controller/server and browser-based teller workflow with central SQLite database, fight management, bet recording, odds handling, and payout calculations.

• **M.D. Smart Barangay Management System** — Flask-based management application with resident and household records, document workflows, incident-related modules, and local-first data storage.

• **M.D. Cash Counting System** — Cash-counting application supporting teller cash handling and balance computation.

• **M.D. Matching System 2.0** — Python-based matching application with matching logic and supporting interface components.

WORK EXPERIENCE

Social Media Manager | Banay-banay Cockpit Arena Facebook Page | 2023–Present
Manage page content and promotional communications, prepare event announcements, and support audience engagement with risk-aware posting.

Private Personal Driver | Private Employer | 2007–Present (occasional ongoing work)
Provided personal driving services while pursuing Accountancy studies; continue to provide driving assistance when needed.

Respiratory Technician | Care4One Enterprise | March–July 2007
Received company training in medical ventilator setup and operation for patients using rented equipment. Trained in ventilator connection and setup, weaning procedures, airway suctioning to remove phlegm/secretions, and recognizing and responding to ventilator machine errors.

EDUCATION

• University of Mindanao — Accountancy studies (Undergraduate) | 2008–2011

• University of Southeastern Philippines — B.S. Civil Engineering studies | 2003–2006

• Lupon Vocational High School — High School | 2003

• Macangao Central Elementary School — Elementary | 1999

ADDITIONAL TRAINING

Self-paced online learning in QuickBooks Online, Xero Accounting, and bookkeeping. Listed as online coursework/training; no professional bookkeeping certification is claimed.
